Will Be Held as Part of Fall Festival and High School Dedication Exercises.

high school, has been postponed to next fall.

a called meeting of the school board Tuesday sight, it was decided to wait until the last of September or the first of October. The principal reason for this is that at that time the high school building will have been completed and it is planned to have dedication ceremonies of an extensive nature. It is proposed to hold the pageant at this time. It was suggested that the pageant might be held at the time of the big fall festival. It was also pointed out that conditions in the city will likely be more settled in the fall and that the postponement will give more time for preparation. Those who have been awarded contracts for the building of the stage and the preparation of section will be asked to cease work until later in the year.

Quarter Sawed Oak.

where will be asked to case work until later in the year.

The board decided to substitute quarter sawed oak in the corridors for composition, as provided for in the specifications for the new high school, at an aditional cost of \$575.

The steps, it was decided, should be built of composition, as originally planned.

Plans submitted by Trost & Trest, whereby the six locker rooms of the high school are to be converted into lass rooms by putting in partitions and utilizing the addition rooms for lockers, were adopted, and the bid of the American Construction company for this work was accepted, conditioned on the bondamen of the company accessing to the change.

To Step Alfa Vista Work.

tioned on the bondsmen of the pany accessing to the change.

To Stop Alta Vista Work.

The external committee was instructed to confer with the contractors at work on the addition to the Alta Vista school with regard to the post-penement of a portion of the work until the close of school on account of the noise made by workmen.

The matter of children playing on the fire escapes and roofs of the school buildings was discussed at some length. It was stated that, outside of school hours, children are at all times climbing the escapes, endangering their lives. It was decided that the practice could be most effectually stopped by prosecutions, and it was decided to ask the city council to mass an ordinance forbidding playing on the fire escapes and providing penalty for violation.

Wents San to School.

wants Son in School.

A communication from Gregorio Martinez asking that his son, who was among the Juarez children excluded from the schools because of the danger of the spread of typhus, he readmitted to the school. The leter was referred to the health authorities for advice.

The regular meeting of the board was changed to the third Thursday in the month.

Est at Pickwick Cafe, 405 N. Oregon.
